Dear Sir:

Reference your letter PG-5-3209 dated September 10, 1953.

In reply to your question regarding drawing 6260-DE-3,
we are using the P-3000 series unistrut as a satisfactory
substitute for the P-1000 series due to the fact that the
P-1000 series is no longer manufactured.

Very truly yours,

HOLMES & Narver, Inc.
