Environmental & Safety Research
Battelle - Pacific Northwest Laboratory
Post Office Box 999
Richland, Washington 99352

Dear Bill:

This is to confirm that we have initiated planning for your Enewetak Advisory Committee to visit Enewetak during the week of August 20.

The approximate schedule will be:

August 22	Depart Hickam AFB, Honolulu	7:10 a.m.
August 22	Arrive Enewetak Atoll	1:50 p.m.
August 25	Depart Enewetak Atoll	11:55 a.m.
August 25	Arrive Honolulu	11:55 p.m.

Because I shall be in travel status much of the time between now and August 20 and will already be at Enewetak when you arrive there, I have asked Paul Mudra to coordinate arrangements for the trip. His address and telephone number are at the end of this letter.

We will expect each participant to make his own arrangements for travel to and from Honolulu. Travel west of Honolulu will be arranged by our Pacific Area Support Office at Hickam Air Force Base. That office will also make arrangements for accommodations in Honolulu as requested on an individual basis. Such requests should be made of Paul Mudra and I suggest that they be pinned down as early as possible - certainly no later than mid-July.

Finally, we will get a letter off to all participants once we have a list of names. In that letter we will provide more travel details and will make suggestions regarding clothing, footwear, cameras, money, etc.

I look forward to seeing all of you at Enewetak.

Sincerely,

Roger Ray, Project Manager
Enewetak Radiological
Support Project
