Memorandum

TO : Those Listed Below

FROM : Robert E. Miller, Director
Office of Programs & Plans

SUBJECT: LOGISTICAL SUPPORT OF AEC BIOMEDICAL RESEARCH PROGRAM IN
THE PACIFIC AREA

PPC:EW-272

USAEC HONOLULU OFFICE

405347

DATE 8-5-1965

CFC OF DEPUTY A/M

ADMINISTRATION: ☒

DATE: MAR-2-1965

ENGINEERING: ☐

SECURITY: ☐

PRODUCTIONS: ☐

DBM has requested NVOO to accept responsibility for support to DBM missions in the Pacific area. Transfer of this responsibility from SAN to NVOO is proposed with an effective date of July 1, 1965 (See enclosure 1).

The Manager, NVOO has accepted this proposal, and assigned to the Office of Programs & Plans the responsibility for coordination with SAN and NVOO Staff, and DBM as may be appropriate. The Assistant Manager/Administration has been assigned Contract Administration responsibility. (see enclosure 2).

It is the intention of the Office of Programs & Plans to undertake the following steps in coordination:

- Advise SAN concerning the DBM request and NVOO acceptance. Ascertain whether SAN-AFWTR formal agreement is desired to be executed prior to transfer to NVOO of responsibility.
- Advise AFWTR of transfer in process and that an AEC, NVOO/AFWTR agreement will be proposed for negotiation with an effective date of July 1, 1965.
- Prepare a draft agreement between AEC, NVOO and AFWTR, for consideration by NVOO Management and Staff, to supersede the AEC, SAN/AFWTR agreement. This should be broad enough, in the one document, to provide for other AEC operational requirements.
- Submit the approved draft to the Contracts Division for final negotiation with AFWTR.
- Contracts Division to negotiate the final draft agreement with AFWTR and implement the NVOO and AFWTR - Air Force Systems Command signatures.

-2-

- f. Recommend to the Manager, NVOO and Assistant Manager for Administration concerning possible function of the Honolulu Office to provide support liaison, and contract administrator representative functions. Consideration to be given to the desirability of NVOO take-over of the AEC contract with University of Hawaii in further support to DBM, and negotiating host-tenant agreements at other locations where a strong potential requirement exists for support requirements to DBM and/or NVOO Pacific Operations, i.e., Kwajalein, Canton, Samoa, U. S. Trust Territory Islands, etc. These considerations should include support to DBM and AEC/NVOO other operational requirements.

Enclosures:

1. Memo - DBM/NVOO, dtd. 2/3/65
2. Twx - NVOO/DBM, dtd. 2/10/65
