ATOMIC ENERGY COMMISSION  
WASHINGTON 25, D.C.

January 2, 1958

Dear Mr. Quarles:

[REDACTED] DOE  
6.1(a)

We have initiated an examination of our capability to meet the new POLARIS warhead schedule you request, to include the examination of the impact of a suitably accelerated POLARIS warhead program on other weapon programs. We will advise the Department of Defense of the results of this examination as soon as it is completed.

However, I can advise you now that as a first step toward meeting the new POLARIS warhead schedule, the Director of Military Application has proposed a revision of AEC plans for testing in Operation HARDTACK which I forwarded to General Loper under cover of my letter of November 13, 1957. The planned revisions are enumerated below:

[REDACTED] DOE  
6.1(a)

\*Circulated as AEC 374/47.
