Dr. Edward P. Hardy, Jr.  
Analytical Branch  
U.S. Atomic Energy Commission  
New York Operations Office  
70 Columbus Avenue  
New York 23, New York

Dear Dr. Hardy:

Thank you for the return of the soil and pandanus samples.

I wish to inform you that the wet weights of the plant specimens were not secured at the time of collection and that we therefore propose to express the results in terms of d/m/kg of material as received at this Laboratory.

Sincerely yours,

HERBERT V. WEISS  
Analytical & Standards Branch
