COMPARISON

Agreement E(49-7)3159

1. Basis is TTPI PL No. 5-52.
2. Is Agreement between AEC HQ and TTPI.
3. Provides up to \$20,000 per annum on reimbursable basis. No flexibility to increase ceiling unless document amended.
4. Calls for detailed expenditure statement from TTPI but does not state what details desired.
5. Covers exposed and control persons on BNL roster.
6. Provides \$9.00 per diem for patients and escorts.
7. Provides ship transportation and meals from home island to District Hospital.
8. Expires June 30, 1975 subject to extensions mutually agreed.
9. None.

Proposed New Agreement

1. Basis is TTPI PL No. 7-116 effective April 4, 1978.
2. Is Interagency Agreement between DOE/PASO and TTPI. This is consistent with the intent of Wm. W. Burr's telecommunications to Robert Taft dated July 11, 1978 and would allow for close supervision because of frequent PASO-TTPI contact.
3. Provides up to \$30,000 per annum with option to increase.
4. Calls for reporting form with medical details tied into expenditure details. It was brought to PASO's attention that provisions of the Privacy Act may preclude some of the detailed reporting as set forth in Section 4 of the draft Interagency Agreement.
5. Same except provides some latitude for BNL physicians in referring others on a case by case basis.
NOTE: Counsel for the people of Rongelap requested that the Agreement include coverage for all people of Rongelap and Utirik with thyroid abnormalities.
6. Provides \$2.00 "subsistence" while inpatient; \$10.00 while outpatient. This change should better allocate funds on a need basis. The TTPI pays \$1.00 per day to both in and outpatients from outer islands.
7. Same but add air transportation between Ebeye and Majuro if necessary to referral treatment.
8. Expires September 30, 1979 subject to extensions mutually agreed.
9. Activates Agreement only upon receipt of TTPI regulations acceptable to DOE including illnesses to be covered under agreement.
