Mr. Robert Law, Jr.  
District Administrator  
Marshall Islands  
Majuro, Marshall Islands 96960

Dear Bob:

As you probably know we have 5 cases that need to be returned to Brookhaven for examinations and possible surgery of the thyroid. I am trying to arrange to get these patients sent back the latter part of August. I am hopeful that Dr. Ezra Riklon at Ebeye will accompany the patients. Both Dr. Peck and John Iaman have agreed to this. I am anxious to get these patients examined and back before cold weather sets in. Therefore the time element becomes important. There are 2 cases that I would appreciate your arranging to get to Ebeye in preparation for this trip: one is at Rongelap, the wife of the school teacher; the other is at Utirik, a 35 year old female. The other 3 cases are already at Ebeye. Dr. Riklon is acquainted with these facts. One of the cases at Ebeye is who is due to have a baby in July. Dr. Riklon I believe is also planning on attending a medical meeting at Noumea and will not return until about the 25th of August. In the meantime Murph Ownby and Frank Granich at Kwajalein will purchase clothing and have the patient's ready to leave on Dr. Riklon's return. Bill Streenan of AEC Honolulu will meet the group on arrival there and forward them to the United States.

Your help in implementing this plan will be greatly appreciated. Hope all goes well at Majuro. With best regards.

Sincerely,

Robert A. Conard, M.D.
