Honorable Bent T. Hisey II  
Acting Secretary of the Interior  
Washington, D.C. 20540

→ P  
Record  
447 when  
OK.

Dear Mr. Secretary:

This is in response to Secretary Morton's letter of March 7, 1975, requesting logistic support for the conduct of an additional radiological survey of Rongerik Atoll and other islands that received fallout from U.S. nuclear weapons testing.

The assets required to conduct the survey had been tentatively identified, at a reimbursable cost of \$609,000. Members of your staff have advised, however, that the Department of Interior has no funds for reimbursement, therefore, we are unable to provide the requested support at this time.

We may be able to consider providing similar support at such time as you have funds available. However, since operational schedules are established well in advance, it is suggested that your requirements be made known sufficiently ahead of the desired implementation time in order to allow early planning and scheduling.

Sincerely,

Signed

W. P. CLEMENTS JR.

DEPUTY
