Dear Will -

I am writing this note "entre nous" (that is French for keeping it a secret). I am interested in this projected trip of yours to Bolivia and should like to know more about it. If my "peculiar" talents could be utilized I don't doubt that I could be convinced to go along. Please answer this letter to the above address because William may not like the idea of my writing so soon after coming back from the Marshals.

It was good to see Jean & you last week. Just being in Berkeley for an evening makes me want to come back for the summer and I may do this yet.

Best regards

Leo
