Dear Knud,

Sorry I am late in answering your letters, but have been fairly busy while at Honolulu, and now I am on Johnston Island for two weeks, so will try to answer some of the items from here.

1. I gave H&N your list of expenses for payment. You should have the check by now.
2. I made arrangements with Tripler and blood samples were taken from _____ and _____, with the reports and smears sent directly to Conard. We were unable to locate _____ however we are still looking and will obtain her blood work when we find her.
3. We are searching our excess assets for a small X-Ray Viewing Unit for you and when located it will be sent to you.
4. In connection with your questions on the per diem and expense payments for the Marshallese patients and the rental payments for the use of certain areas on Rongelap and Uterik. I plan on visiting Kwajalein either the last week in October or the first week in November, when you and I and the TT Rep can sit down and resolve these problems.
5. Also on this visit I plan to bring along an H&N Maintenance Engineer to take care of the problems on repair and future maintenance of the trailers on Ebeye and Majuro.

Hopefully the relocation of the Ebeye trailer can be accomplished during this visit.

I will advise you of the exact date of arrival at Kwajalein.

Give my best to Liv and I am looking forward to seeing you and to discuss our mutual objectives in supporting the AEC-Medical program in the Marshalls.

Sincerely,

cc: Dr. R. A. Conard, BNL
