STATUS OF BIKINI RADIOLOGICAL CLEAN-UP PROGRAM

Dear General deSaussure:

Enclosed is a summary status report of the radiological clean-up program at Bikini Atoll.

This clean-up effort has carefully followed the guidelines established by HQ DOS in a memo, Biles to Cluff, dated 13 May 1969. As a result AEC NV will be prepared to certify that the radiological scrap removal and clean-up portion of the program, as recommended by HQ DOS is complete by approximately 1 September 1969.

Very truly yours,

 Robert E. Miller
 Manager
