# Office Memorandum • UNITED STATES GOVERNMENT

TO : Woodford B. Matlock, Jr., ME, Room 307  
*3/4* Horse Salisbury, Director  
Division of Information Services

November 19, 1956

FROM : "SOME EFFECTS OF IONIZING RADIATION ON HUMAN BEINGS" AND  
"MEDICAL SURVEY OF MARSHALLESE TWO YEARS AFTER EXPOSURE  
TO FALL-OUT RADIATION"  
SUBJECT: TO FALL-OUT RADIATION  
SYMBOL: IST:ESP

*R*

Attached to this memorandum is a copy of the monograph entitled "Some Effects of Ionizing Radiation on Human Beings - A Report on the Marshallese and American Accidentally Exposed to Radiation from Fallout and a Discussion of Radiation Injury in the Human Being" edited by Drs. E. C. Kirkline, V. P. Fox and J. L. Dunham, which has just been published by the Government Printing Office.

Also attached is a copy of the report, "Medical Survey of Marshallese Two Years After Exposure to Fallout Radiation", bringing down to March 1956 the medical history of the Marshallese exposed to radiation from nuclear weapons tests in March 1954.

If you do not wish to retain this material, it may be returned to the National Library at your convenience.
