WASHINGTON

No. 1 of Copies, Series H

406876

OFFICE OF THE CHAIRMAN

22 May 1956

*President noted  
23 May 56  
/*

Dear Mr. President:

The latest word on the first of the principal weapons tested at Eniwetok on Sunday, May 20th, is as follows:

- (a) The bomb detonated at the planned altitude, approximately 5,000 ft., but there was a lateral error of 2.6 miles in zero point. This error will result in substantial loss of measurement data. ✓
- (b) No radiological hazards are known to exist and there was no damage to AEC installations.
- (c) The yield estimate was \_\_\_\_\_ megatons. ✓

Respectfully,

*Rosenstrauss*

The President  
The White House
