FOLDER 409074 9-9 Redacted

Reference is made to your memorandum on this subject dated January 25, 1957.

In accordance with Colonel Skinner's telephone conversation with you on January 28, 1957, no action is being taken to furnish the DOD information on Dr. York's discussion of clean weapons during recent JCAE hearings. This was to have been an item of discussion at the joint AEC-MIC meeting January 24, 1957. However, since it was agreed not to discuss specifics, the matter of yields was not taken up and further action does not appear to be necessary.
