STATE suggested changes:

2. A. Replace second sentence with:

The USG and MIG shall negotiate procedures to identify additional residents of the Marshall Islands who ^{MAY} hold valid claims for suffering due to radiation exposure from the USG nuclear testing program in the Northern Marshall Islands between 1946 and 1958. The USG should be prepared to extend the provisions of Sec. 104 to these individuals as settlement.

2. B. Add as new first sentence to last paragraph:

The USG and MIG shall negotiate procedures to identify the "other atolls" mentioned in Sec. 102 which will be included in the provisions of this act.

2. B. Next to last paragraph: delete first sentence.

First paragraph, first sentence: delete the phrase: "contained in Presidential Directive NSC 49 of June 6, 1979."
