U.S. HOUSE OF REPRESENTATIVES
SUBCOMMITTEE ON ENERGY CONSERVATION
AND POWER
OF THE
COMMITTEE ON ENERGY AND COMMERCE
WASHINGTON, D.C. 20515

October 30, 1984

The Honorable Donald P. Hodel
Secretary
Department of Energy
Forrestal Building
1000 Independence Avenue, S.W.
Washington, D.C. 20585

Dear Mr. Secretary:

As you know, the Subcommittee has been surveying Atomic Energy Commission files dealing with radiation exposure over the period 1945-1962. This is to request that copies of certain documents in those files be provided to the Subcommittee for further review.

Many of the requested documents are Unclassified or are For Official Use Only and thus may be provided directly without difficulty. However, I understand that a number of the documents are classified. In view of the age of the subject material, I believe these documents could likely be declassified. Accordingly, I request that their classification be reviewed by the Department so that declassified copies can be provided where possible. Copies of any documents which must remain classified should be transmitted separately to the Subcommittee office.

The subcommittee staff contact for this request is Dr. Gerald Brubaker who can be reached at 226-2424. A list of the requested documents is attached.

Thank you for your cooperation in this matter.

Sincerely,

Richard Ottinger
