To Whom It May Concern

The Brookhaven Nat. Lab. medical team has identified ~~several~~ <sup>eight (8)</sup> (8) patients who need immediate transportation to Egey in conjunction with the thyroid evaluation of the outer islands. <sup>Four (4)</sup> Four of the patients have acute medical problems (other than thyroid disease) and need transport to Egey → Injima regional hospital. Their transportation is covered by the DOE/DOI combined primary medical care agreement of 1977
