Dear Bob:

This is to further apprise you as to our understanding concerning your Pacific program costs through FY 1978.

We are gratified to be able to tell you that NV has identified an additional \$25,000 to add to your program to fund those costs associated with thyroid patients coming to Tripler from the Marshalls. The Plans and Budget Division, NV, is also making arrangements to secure an additional \$10,000 from HQ DOE to complete the financial requirements.

We will advise you when these actions have become final and I look forward to meeting with you and Dr. Pratt on your return to Honolulu to discuss this matter further.

Sincerely,

Original Signed By
