MEMORANDUM OF UNDERSTANDING ON BIKINI CLEANUP

Attached for your information is a copy of the memorandum of understanding on the Bikini cleanup which I consummated with Vice Admiral Lloyd M. Mustin, USN, Director, DASA, on February 11, 1969. This paper represents the coordinated efforts of the AEC staff and inputs received from NV.

The AEC will be responsible for the radiological health and safety aspects of the cleanup. In this respect, NV will manage this portion of the project. This will include determining that radiological health and safety requirements are met at the completion of the cleanup.
