L. F. Gise, Assistant Director
Division of Military Application

PAPER, "RADIOLOGICAL SAFETY FOR THE ENVIETOK PROVING GROUND"
BY ALBERT L. MAIETTI

Symbol: MAP:MS

Reference is made to your memorandum of 2/28/51
requested comments on the above subject.

Slide No. 6 reports that Group 13 received 69 r.
This appears to be in error as the exposure to Group 13 was
reported as 69 r. (Reference: "Some Aspects of Radiation
Radiation on Human Beings.")

The Division of Military Application has no objection to the
release of the above subject paper, as requested. This paper is
returned herewith as you requested.

L. F. Gise, Assistant Director
Division of Military Application
