**SUPPORT FOR MARSHALLESE MEDICAL PATIENTS - AEC BIO-MED**

Dear Bob:

A cash advance in the amount of \$500.00 from the U. S. Atomic Energy Commission is enclosed.

The purpose of this advance is to provide payment through the Trust Territory of the Pacific to those Marshallese medical patients who underwent medical treatment in September 1969 at Brookhaven National Laboratory and were required to stay at Ebeye while awaiting transportation back to their home islands.

Disbursement to the patients at the per diem rate of \$10.00 for subsistence and lodging expenses should be made as an advance under the provisions of travel orders issued to the patients by the TT in accordance with my letter to you dated October 6, 1969. It is my understanding that the TT is in full accord with the procedures stated in this letter.
