P.O. Box 980
Honolulu, Hawaii 96809

Dear Mr. Bonnet:

The 4 Marshallese patients and interpreter have had their preliminary examinations here at Brookhaven National Laboratory and are now in Boston for surgery this week. It is expected that they will return to Brookhaven about June 11, and the following week I hope to send them on back to Hawaii. I will contact you in more detail as to their arrival time and necessary information for you to make MAC reservations for them to Kwajalein. Thank you so much for the fine way in which you handled the situation in getting the Marshallese safely through to me. Please also extend to Mrs. Bascom my personal thanks for her splendid assistance.

With best regards,

Sincerely,

Robert A. Conard, M.D.
