Dear Mr. Morrison

I am just writing this letter on behalf of my patients from Utrik and Ronglap atolls. I was thinking that you may have some idea regarding the money which has been appropriated by AEC to use for any referral patients from both atolls.

As you know I have a Ronglapesese family and a woman from Utrik who are in Ebeeye now waiting to return home. these people are entitled to get this compensation during their stay on Ebeeye.

I have informed our Director of Health Service on Majuro about these patients two months ago but he has been awaiting a reply from Saipan about this money.

As you know these patients from both atolls have been seeing me constantly about this money that they need it for their food and other necessities while waiting to return to Utrik and Ronglap.

Your advice on this situation would be greatly appreciated. thank you for assisting me on this regard.

Singerely yours,

 Dr. Masao Korean
 Medical Officer In-Charge
