SUBJ: Final Report Post-Redwing Hukilau

Attached for your information is the final report on the Post-Redwing Hukilau. This report shows disposition of the $298.20 received from C. L. Blue. This money resulted from a refund of UCRL's portion of the Officers' Club surplus which accrued during Operation Castle. It was used largely to provide the orchestra for this affair. The profit on leis of .88 represents money turned over to me by H. W. Stivers. 50 leis were purchased with private money and sold at approximate cost.

You will note a net balance of $14.08 is on hand. It has been suggested by C. L. Blue that this money be turned over to the RLRA with the stipulation that it be used to purchase some form of perpetual trophy or plaque as an award for one of the RLRA activities. If this meets with the approval of the recipients of this letter, I will appreciate being advised and will take the necessary steps to transfer this money.

Enclosed with the financial statement is a receipt for the $285.00 paid to Castlewood for the orchestra and receipted Castlewood invoice of September 7, 1956 in the amount of $1,235.50.
