

UNITED STATES
ATOMIC ENERGY COMMISSION
WASHINGTON 25, D. C.

April 26, 1957

Memorandum for: Elmer B. Staats
Executive Officer
Operations Coordinating Board

In the absence of Adm. Paul Foster, Assistant General Manager for International Activities, I am writing to send you four information copies of the news statement notifying media that nine detonations of the PLUMBBOB test series in Nevada will be open to on-site observation by media representatives. This announcement will be issued Tuesday, April 30, for afternoon papers and other media use.

Morse Salisbury
