

November 9, 1959

R

Dear Nelson:

I am enclosing a copy of the letter which I have sent today to Governor Boggs concerning the proposal for a meeting on fallout protection between your Civil Defense Committee and various Federal officials. I am sure you realize that my travel schedule would preclude a meeting early in December as suggested by your letter of November third, but I have asked Bob Merriam to arrange with you and your associates for a meeting and agenda on a mutually convenient date early next year.

As always, it was good to see you again

With warm regard,

Sincerely

The Honorable Nelson A. Rockefeller
Governor of New York
Albany, New York
