Dear Dr. Bacher:

This committee is holding a symposium on the technical results of Operation CROSSROADS at the National Academy of Sciences beginning at 0900 February 3, 1947, and continuing through February 4th and 5th. The Joint Chiefs of Staff Evaluation Board, Drs. Bush and Conant, and a number of scientists who participated in the operation are planning to attend.

In view of your intimate knowledge of the problems to be discussed it occurs to me that you might find it interesting to attend all or part of the symposium. A tentative program is attached hereto. We hope to have the pleasure of seeing you there.

Sincerely yours,

W. S. PARSONS,  
Rear Admiral, U.S. Navy,  
Chairman.
