P. O. Box 580
Honolulu, Hawaii 96809

Dear Mr. Bonnet:

I understand that Neil Rasmussen has left you for a job with NASA. Since we are planning our next Marshallese survey for next March, it would be appreciated if you would nominate a new liaison officer to help us with our program. I was sorry to hear that Neil had left since he had done an excellent job as liaison officer. I will be in touch with you in the near future concerning plans for the next survey. It will probably not be quite as extensive as last years survey. We will still concentrate on the thyroid problem since that still causes us a lot of worry. The transportation problems will also need to be worked out before too long. Looking forward to hearing from you. With best regards.

Sincerely,

Robert A. Conard, M.D.
