14. Golden Rule Injunction

Mr. Olson said the Department of Justice and Department of State were considering issuing an injunction to prevent the U.S. ship Golden Rule from entering the Pacific test area during Operation HARDTACK, scheduled to begin the middle of April. The Golden Rule, Mr. Olson said, was already underway to the test area and its occupants had announced their trip as a protest against the testing of nuclear weapons. Mr. Strauss said the Commission would consider the matter further at the next meeting.
