Dear Will:

I regret that I did not send you the information on our blood volume findings. The data are enclosed and I trust I shall get an eventual answer from you.

Things are humming along here in the usual fashion. At the moment there does not seem to be any legitimate reason why I should be on the West Coast, and so I am afraid our meeting in the near future is uncertain.

Please give my best to Jean and to the Weavers.

Sincerely yours,
