IN REPLYING, ADDRESS THE
PUBLIC HEALTH SERVICE

REFER TO:

APR 1 1958

Dear Colonel Tiemann:

Reference is made to your letter of March 10, 1958 (SWH 337) concerning the establishment of a medical emergency team, and suggesting certain Public Health Service personnel as members.

We recognize the importance of this mission and are pleased to cooperate in any way possible.

In keeping with your suggestion, the members of this team are being issued orders placing them on an alert status and detailing them to Joint Task Force 7 on direction of competent authority.

It is our understanding that, in the case of Dr. Shy, orders are being issued through the Department of the Army for a call to active duty as an Army reserve officer should this team be activated. Public Health Service orders are also being issued, however, to signify our concurrence with this assignment.
