**TRANSMITTAL OF SUMMARY OF MAJURO/KILI/BIKINI
MEETINGS.**

Enclosed are the summaries of meetings held in Majuro, Kili and Bikini from September 1 thru September 5 and the transcript of the taped meeting with the leadership September 2. I did not edit the transcript because I felt it demonstrated the concern for the welfare of the Bikinians by their elected leaders. To one not as sensitive to the situation, as we are, this may be a revelation.

Please distribute this summary to the necessary people. Also feel free to delete or adjust portions of the summary as you see fit.
