**REDWING QUICKIE FILMS FOR LACROSSE AND CHEROKEE SHOTS**

**Symbol: MAP:IMB**

In accordance with the Commission's desire, "quickie" films are being prepared by LAGL and UCRL for the shots of their respective devices at the Pacific Proving Ground during Operation REDWING.

The first two films are now available for showing to AEC staff having a strict need to know for the contents.

In accordance with my authority to approve the viewing of these two films, I hereby invite you to attend a special showing in Room 213 (West Building) on June 12, 1956 at 10 A.M.

The films run approximately fifteen minutes each and viewing them should prove to be of value to you in the performance of your duties.
