1. Not shown are several installations administered by military agencies at which only a small number of AEC personnel will be located. Amounts shown for present operating offices and for Washington include amounts for installations for which separate estimates could not be obtained. AEC staff will presumably be located at points indicated thus (\*). Berkeley will be covered by the office at San Francisco, and Luckey by the Cleveland office. For purposes of liaison or convenience a few small offices will probably be located at points not shown, at which only small amounts of plant and equipment will be located, e.g., Lockland (Cincinnati), Wilmington, Spokane (raw materials). Source: Controller's Financial Report for the Year Ended June 30, 1952, supplemented with data from ACCs 5 and 10 submitted by Operations Offices for year ended June 30, 1952, and from Seventh Survey of Construction.
