 Commissioner Taps

for

THROUGH GENERAL MANAGER Signed: John V. Vinciguerra
 OCT 30 1964
 SUBJECT: THYROID DISEASE IN RONGELAP ISLANDERS

I received the following telegram from Dr. Robert A. Conard, Brookhaven National Laboratory, concerning the diagnoses in the case of the thyroid tumors in the two Rongelap youngsters:

"Latest Armed Forces Institute of Pathology report says believe cases not malignant. Am sending slides and reports to Dr. Shields Warren for review. Patients doing well. Two discharged."
