Dear Dr. Bugher,

I have your letter of August 24th after returning from leave. Dr. Marley has sent to Mr. J.F. Jackson in Washington our list of suggested items for the agenda of this Conference, and no doubt Mr. Jackson will keep closely in touch with you. Dr. Marley will be visiting Washington shortly after October 16th to discuss this agenda. We have also suggested to you that the conference should be postponed two months. We hope this will make it possible to include the most recent U.K. trials results.

Yours sincerely,

J. J. Cockcroft
