COMMISSION MEETINGS

SYMBOL: GMSC;RBS

1. By inadvertance I learned of a Commission meeting which has been scheduled for 11:00 a.m. June 15, 1948, at which time Captain Russell will report to the Commission and the Military Liaison Committee regarding OPERATION SANDSTONE and that his directive has been fulfilled. I am perturbed about Commission meetings arranged other than through this office. On a previous occasion, much to the embarrassment of the Commissioners, two meetings were arranged simultaneously. Mr. Lilienthal, at that time, asked that every precaution be exercised to see that it did not happen again.

2. I would appreciate an opportunity to discuss the forthcoming meeting with you.
