REMOVAL OF NATIVES FROM ENIWETOK AND BIKINI

On March 11, 1946, the 167 natives of Bikini were moved to Rongerik Atoll and on December 20, 1947, the 142 natives of Eniwetok were moved to Ujelang Atoll.

Most of the population figures were obtained from the book, "Trust Territory of the Pacific Islands" Department of the Navy, dated June 1951. There were some figures, however, that we had to find elsewhere and in the case of Bikini and Eniwetok were outdated.
