CLASSIFICATION OF MATERIAL ON THE RADIOBIOLOGICAL SURVEY OF THE BIKINI AND ENiwETOK LAGOONS

As the result of recent releases on the Eniwetok experiments and discussions with the Navy Department, the Division of Military Applications and your office, it is proposed to reduce the classification of this material to RESTRICTED.

Accordingly, it is requested that you change classification of letter dated Jan 12, 1948, No. 121-12, addressed to you from Navy file and attachment, letter dated March 20, 1948, No. 121-12, and any other material which you have pertaining to this subject should also be declassified down to RESTRICTED.
