

13 August 1969

SECOND AMENDMENT TO MEMORANDUM OF UNDERSTANDING

SUBJECT: Cleanup of Bikini Atoll

REFERENCE: Memorandum of Understanding, subject as above, dated
29 April 1969

Based on additional information obtained through further reconnaissance and consultation with Mr. Chuji Chutaro changes to the referenced memorandum are indicated. The signers of the amendment agree to the following additions and deletions to the original memorandum as once amended.

1. Paragraph A.4. Change to read: Metal materials: All metal that emits radioactivity above maximum permitted under AEC guidelines shall be removed from islands and placed in the water (deep-sixed) at a location at least one mile from the closest shoreline and where the depth is at least 25 fathoms. All other metal with exception of use-able roofing material, lead bricks and copper wire shall be deep-sixed or buried with a minimum of two feet earth cover.
2. Paragraph B.2.a. Add subparagraph (8); Three boat hulls on lagoon reef to remain as they are.
3. Paragraph B. 3b. Change to read: Aggregate piles southwest of camp area may be used for construction on Bikini Atoll otherwise leave as is.
4. Paragraph 10. Delete: Baker (Bokanejen), add; Able (Bokbata). Add: Buoy on beach to be left as is.
5. Paragraph 11. Delete last sentence: Remove and spread dirt cover and berm.
6. Paragraph 13. Delete last sentence: Remove and spread dirt cover and berm. Add: Berm on large bunker to remain as is.
7. Add paragraph 16: Alpha (Bokaetoktok): Leave buoy on beach.
