Henry: This TWX comes from H. L. Johnson in SFOO. I told him that I had invited Sproul and Underhill and one Regent, and that I thought that possibly an additional Regent had been invited. Furthermore told him that I thought it would be a nice attention if official invitations went to these people from the AEC but that I thought that Sproul would not accept. Told him you would call him and tell him actual names of Regents and how to address them and any other information you might have from Underhill.
