Subject: SHIPMENT OF CRISTEPIG SAMPLES TO CONUS

Gentlemen:

It is requested that you pack and crate the following samples:

- 12 - one gallon tins of soil samples
- 12 - one liter polyethylene bottles
- 15 - specimens

For shipment via MAIL to Travis AFB, California, thence via rail to the following location:

U. S. Atomic Energy Commission  
 New York Operations Office  
 70 Columbus Avenue  
 New York 23, New York

Attn: Mr. Merrill Eisenbud

These samples are located at the Eniwetok Marine Biological Laboratory, Building 218, Site Klam. It is requested that these samples be cleared by your local base Section prior to shipment outside the P.G.

Transportation of the above samples is chargeable to 879/40101, allotment 31-1-91 OS, Cost Symbol 4550,11/1.

Please advise this office when shipment is made.

Sincerely yours,

AMER WILSON  
 Acting Manager  
 Eniwetok Branch Office
