Dr. Ward Miller  
Atomic Energy Commission  
1901 Constitution Avenue  
Washington 25, D. C.

Dear Dr. Miller:

We have outlined briefly our Civilian Radiological Defense  
Teacher Training Course which we are giving this summer and I  
suppose that you have already seen this outline.

In accordance with your suggestion that we obtain movies  
for the course through your office, I am sending you a list of  
the films which we would like to have. I am not sure of the  
exact dates on which each of these films will be shown so if it  
is possible to have them all on or about June 19 it would be  
very helpful. I believe that the film which we will show first  
is the J. Arthur Rank film "Atomic Physics" if that is available.  
We will probably want to show that one on June 19. I much  
appreciate your offer to help us in this matter.

Yours sincerely,

Arthur H. Livermore  
Assistant Professor of Chemistry
