David L. Narver, Jr. Surveys

March 6, 1953

PH

PH

In addition to the surveys that we have asked you to undertake, the following islands will also be needed:

Able, Charlie, Victor, William, Yoke, Zebra, Alfa and Bravo

The survey of these islands is secondary to triangulation. The order at the present time may be determined by the field.

David L. Narver, Jr.
Chief Project Engineer
