Dr. Hollenberg is interested to hear of your work on the
the Dear Dr. Donaldson letter of March 1948 saying the summer of 1948
would like to procure the reports of Dr. R. Taylor, and
Reference is made to your letter of June 7 1948
to Dr. Warren, and we regret that there has been such
a delay in replying to your letter.

At this late date we have just been able to obtain
the report entitled: "Botanical Report on the Cross-
roads Atoll Bank Expedition to the Marshall Islands"
by Dr. Randolph Taylor. Although the survey of
Bikini has been completed, we are wondering if you
would still like to have the report forwarded to you.
The report is classified "Confidential" and it would
have to be placed in a safe file while in your keeping.

We shall await your further reply.

Sincerely yours,

Francis R. Montgomery
