Dear Dr. Hill:

Your letter of September 4, 1954 to President Eisenhower has been referred to me for reply.

I appreciate very much your describing the methods which might prove useful in aiding the recovery of persons injured by ionizing radiation, and I wish to thank you very much for calling Dr. Focher's article to our attention.

Sincerely yours,

John C. Bugher, M.D.  
 Director, Division of  
 Biology & Medicine
