Chief of Staff  
United States Air Force  
Attn: AFSTPMA  
Pentagon  
Washington, D. C.

Dear Sir:

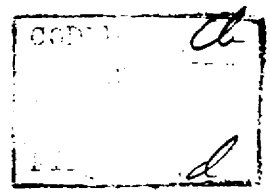

A team of AEC and AEC contractor staff are to depart for Bikini Atoll the week of May 25, 1970 to perform a radiation survey. Ship transportation will be used from Kwajalein to Bikini and return. As a contingency measure it is requested that provisions be made to provide a standby capability to return the team to Kwajalein by air transport should the Trust Territory ship not be available for any reason. The following provides information relevant to such transport:

- Pickup point - Eneu Island, Bikini Atoll
- Delivery point - Kwajalein Atoll
- Date - On or about June 18, 1970
- Passengers - 11
- Freight - 2,000 pounds
- Largest item - 200 pounds, 2 ft. X 2 ft. X 2 ft.
- Flammable or dangerous materials - none

Fund citation - CIC - T 116
