Dr. Paul G. LeFevre  
Assistant to Chief  
Medical Branch  
Division of Biology and Medicine  
Atomic Energy Commission  
Washington 25, D. C.

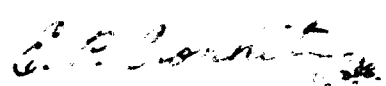

Dear Doctor LeFevre

In reference to your letter of 15 January 1953, in which you invite me to participate in a conference on infection and immunity as factors in the reaction to whole body irradiation, I have the following comments.

I personally will be available and would be desirous in participating in this conference at the suggested time of 9:30 A.M. Friday, 20 February 1953.

I suggest that an official invitation from your division be sent through my Commanding Officer, Captain Wilbur E. Kellum, Naval Medical Research Institute requesting my participation in this conference.

Sincerely yours,

E. P. CRONKITE  
CDR MC USN
