Mr. James S. Lay, Jr.  
Executive Secretary  
National Security Council  
Washington, D. C.

Dear Mr. Lay:

Reference is made to your memorandum of April 17, to the Secretary of State, Secretary of Defense, and Chairman of the Atomic Energy Commission, Subjects: Public Information on Operation GREENHOUSE.

Attached is the text of the press release for publication on either the first or second day following the final test in Operation GREENHOUSE, depending upon conditions at the time of completion of the tests.

This proposed release has been cleared by MLC for the Department of Defense and its approval for issuance is requested in accordance with the plan approved by the President on April 17, 1951.

Sincerely yours,

UNITED STATES ATOMIC ENERGY COMMISSION

Gordon Dean  
Chairman

PRESENTATIONAL PROGRAM FOR THE ARMS RACON  
CONFIDENTIALITY OF INFORMATION

This document consist of 2 Pages.  
Cy: 1 of 1 Cys. Series: HD-A

1. The Atomic Energy Commission and the Department of Defense today notified President Truman that a program of atomic weapons tests has been successfully carried out by Joint Task Force 3 at the Commission's Proving Ground at Eniwetok Atoll.

2. Lieutenant General Elwood R. Quesada, USAF, commands JTF-3, composed of personnel from the AEC, Army, Navy, Air Force and from educational and industrial organizations. Dr. Alvin C. Graves of the Los Alamos Scientific Laboratory is Scientific Deputy Commander of JTF-3.

3. As previously announced, test activities at Eniwetok are under security restrictions including those of the Atomic Energy Act. Information obtained from research on nuclear detonations, the major purpose of the tests, is secret. In furtherance of the President's directive of January 31, 1950, the test program includes experiments contributing to thermonuclear weapons research.

4. Information on several projects in fields of Biology, Medicine and Radiology will be declassified and provided to appropriate agencies of the Government when results have been analyzed and evaluated. The program also includes comprehensive measurement of blast and thermal effects on structures, aircraft and various other items. Much of this data will be declassified for use by both the Department of Defense and the Federal Civil Defense Agency. The data obtained include additional information of primary military value in the field of weapons effects.
